January
VIRTUAL Meeting
Monday, January 25
Program Speaker:
Margaret Bryant

© Margaret Bryant

Margaret Bryant is an award-winning animal photographer with more than 21 years' experience photographing animals in her studio. Her style is simple, original, and authentic. Images that capture the humor and whimsy of her subjects are her favorites.

Margaret is a Professional Photographers of America Master Photographer, Photographic Craftsman, and Certified Professional Photographer. She is the author of two books: *Dog Photography: How to Capture the Love, Fun and Whimsy of Man's Best Friend* and *Who Rescued Whom: Dog Portraits and Rescue Stories*. Margaret's work can be seen on Instagram and at her website.

Pet photography is more than a squeaky toy and a good camera.

Getting great images of your dog or cat is challenging. For starters, lighting for pets is different than lighting for people. In this presentation, Margaret Bryant will give you all sorts of tips and tricks to create better portraits of dogs (and cats) and make your entire pet photography experience much better. This includes understanding your pet's body language, how to make them comfortable, how to get their attention and capture great expressions, and so much more.

Meet our judges

January

Randall Patterson gave us a fantastic presentation in September on bird photography. You can see his images at birdsiviewtexas.com

February

Rob Hull

is the owner of Coppell, Texas-based GreatPhotography. He holds degrees for Master of Photography and Photographic Craftsman. See his images at www.greatphotography.com

Trinity Arts Photo Club Competitions

January Topic: Open

February Topic: Still Life

Entry Deadline: **February 1**

Utilize your full control over lighting, mood, and composition to create your own work of art with inanimate, everyday subjects.

2021 Competition Topics

March – Architecture (Inside or Out)

Not simply photography of a building's façade—architecture photography focuses on the beauty of design and small details. Consider quality of light and the right angles, and show a building's distinct character.

April – High- or Low-Key Images

Contrast is king! High- or low-key images are a creative tool that will lend style and mood to your photos in very different ways.

May – Open

June – Images That Say Texas!

Be as creative as possible and show us what you think makes Texas...well, Texas!

July – Composing with Curves

Curves are natural compositional aids for photographers—they draw a viewer into a frame and help lead them to a chosen point in the image.

August – Long Exposure Images

Show us your technical photography skills. Long- exposure photography uses a longer shutter speed to capture, blur, or obscure moving elements. Aim for an exposure of two seconds or longer.

September – Open

October – Procrastinator's Delight

Topic will be chosen from a hat at the August meeting.

November – Portrait (People or Animals)

Try to capture the personality of your subject by using effective lighting, backdrops, and poses.
